

**STATEMENT IN RESPONSE TO BRISTOL CYCLING CAMPAIGN
MANIFESTO FOR MAYORAL CANDIDATES - MAY 2016**

GEORGE FERGUSON, BRISTOL 1ST

I am one hundred percent behind the cycling manifesto. In my first term we have continued to deliver an enormous amount, including cycling ambition funding for more segregation and are currently building new paths and increasing the number of cycle stands. It is a fantastic form of alternate transport it is reliable and good for our health and well-being. As many of you will know, it is the way I regularly travel around this city.
